Soviet-Rumanian Battle Menaces Policies Of Axis

German and Italian Leaders Meet in Effort to iron Out Critical Situation Which Threatens Backdoor While Axis Powers Seek to Stage Frontal Attack on England—New York Times

BY GUS KENDALL, Canadian Press Staff Writer

The New air first today adopted new policy in its battle for the European position. The new policy is the result of a meeting between the German and Italian leaders in a secret meeting in Rome. The meeting is to be followed by a series of conferences in Europe. The new policy is designed to stabilize the European situation and to prevent any further deterioration of the European position.

The new policy is based on the premise that the European position is too strong to be changed by any action on the part of the Axis powers. The new policy is intended to stabilize the situation and to prevent any further deterioration of the European position.

Young Breeders Inaugurate Provincial Judging Contest

Teams Will Be Selected in Competition to Represent Province at Toronto and Ottawa Fairs—Premier Godbout Will Witness Livestock Parade and Inspect Various Exhibitions

Two important features highlighted the opening day of the 22nd Annual Province Fair at the Sherbrooke Fair Grounds this morning—neatly arranged rows of exquisitely groomed horses parading before the public, and the conclusion of the Provincial Judging Contest, when teams representing each of the 15 districts of the Province will have battled for the honour of representing the Province at the Toronto International and Ottawa Fairs.

Premier Godbout will visit the fair today and will be present to witness the grandstand programme this afternoon.

We cordially invite you to visit our booth in the Main Building at the Sherbrooke Fair. There you will see textile products manufactured by expert Eastern Townships craftsmen.

The textile industry employs a greater number of people than any other industry in the Province of Quebec.

More than three-quarters of this work is done outside the city of Montreal and a great part is carried out in the Eastern Townships, renowned for many years for their textile industries.

EXTENDING TOTALITARIAN INFLUENCE

The manner in which the rulers of a totalitarian state seek to extend the control of that state over many aspects of an individual's activities is as follows: to prevent as far as possible outside influence in the form of newspapers, radio, and other mass media, Christian denominations are discussing the elimination of foreign influence. In Britain, foreign influence is entirely eliminated and the unification of all sects in a Japanese Central Church is to be extended to all religious institutions in Japan, even including homes, schools, and hospitals.

There are some 300,000 Japanese Christians in the United States; the movement to eliminate foreign influence in our activities is being carried on by the Japanese bishops in California and the Pacific Coast States. In Canada, the bishops have already established the Salvation Army, and missions of the American Episcopal Church and the Church of England. More recently, the bishops in British Columbia have established the Salvation Army in British Columbia, even including homes, schools, and hospitals.

FOOD FOR EUROPE

The British refusal to permit food for the famine-ridden nations of Europe to pass through the naval blockade now being maintained against Germany is a manifestation of the same ruthless power that is now being used to maintain the blockade against all nations in the world. There is no evidence that the British are willing to lift the blockade, and the British are determined to maintain the blockade until the enemy is crushed. SAINTS AND ATHLETICS CHALKED UP WINS

Gauls Need One More Victory
To Clinch League Leadership

Continued Winning Streak by Defeating Last-Place Three Rivers Sioux, 13-3, at Home Diamond—George Staton's Fine Hitting Paved Routes to Victory Over Craney Red Sox.

Black-and-golds, Thriving off the Baseline of Their Scoring Strength, Soon Tied Up the Score, Thanks to Howie "Kid" Harrington and Joe "Neat" Parnell. Both Hitters Batted the Ball for a Hit.

Justice, which, with the help of a couple of bad breaks, was able to score both runs of the contest, was able to come back and tie the game thanks to a couple of bad breaks, and score both runs of the contest, thanks to a couple of bad breaks. But it was left to Howie "Kid" Harrington to drive home the last run with a base hit off the black-and-golds' hurler. The ball went through the legs of the catcher, and the Saurian was immediately called safe at home. This put the game out of reach of Justice and left the score at 2-2, with four outs to go.

Harrington, who then closed the contest, was unimpeachable in his handling of the ball, and another fine relief pitcher, Al "Jock" O'Brien, Limited Justice to one more run in the ninth, adding another to the score by the "Black-and-golds" tally for the day. The score stood 3-2 in favor of the "Black-and-golds" when the final out was made.

The "Black-and-golds" are now at the top of the league, with a record of 16-5, while Justice is in second place, with a mark of 13-10. The "Black-and-golds" have won their last 10 games, while Justice has lost four of their last five.

SPORT FLASHES

At Toronto, Green's home, they defeated the visiting Athletics, 6-2, in the Workers' League game. Green's hurler, Joe "Neat" Parnell, was in fine form, limiting the visitors to two runs in nine innings. The Workers scored four runs in the fourth inning, and two more in the eighth, to keep the score out of reach. The Athletics, who had the best of things early, could only manage two runs in the game, both coming in the first inning. In the second inning, the Workers added two more, and in the fourth, they scored four more, including a three-run homer by "Kid" Harrington.
