A highly respectable lady of the City of New York while nailing down some carpets run a small carpet tack in her knee and shifted the pan. For two years she was laid up a cripple, spent upwards of TWO THOUSAND DOL-LARS WITHOUT DERIVING ANY BENEFIT. She was advised by a nurse to use Radway's Ready Relief; the first application gave her ease, one week's use made a perfect cure. Had this lady tried the Ready Relief when the in-jury happened, she would have escaped the painful sufferings of two years' duration, and saved two thousand dollars. Bear in mind that Radway's Ready Relief will prove its marvel-

called a "wonder of medical science." It cures coughs and colds instanter! it soothes the irritated parts; it heals the inflammation; and even Con-

HERAPION :-- OF CURE OF CURES This successful and highly popular medicament, as employed in the continental hospitals by Rostan. Jobert, Velpeau, and others, combines all the desiderate to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of all taste, odeur, and appearance of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion. Each package contains full lustructions for every case.

THERAPION, No. 1, in three days only—re, moves generated, giest, and all idlecharges; effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases, In dysentery, piles, irritation of the lower bowel cough, brenchitis, asthms, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

"To be your own counsel or your own dector, entells risks that have become proverbial to adegree that prevents much good resolution from taking say benefit or advantage when reasonably offered. Suspicion begets irresolution, and where there is no confidence good results seldom follow Medical books are a field for the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or tasts not the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or tasts not the fiction appraise,' is good advice where the uninformed usind, listening to its own apprehensions, is oftener ready to imagine than use its cool judgment. There is one class of medical lore, however that stands in a position somewhat exceptional to our remark, and which treats on disorders and irregularities in which morality is offended. For this reason the patient too often suffers in secret, or pursues in ignorance practices that daily bring him into a more hopeless condition for want of friendly advice. To such we recommend a persual of the 'Medical Adviser' of Walter De Boos, M.D., of London, an established Physician, grant for the fact of the condition of the medical Adviser' of Walter De Boos, M.D., of London, an established Physician, grant for the fact of the fac Roos, M.D., of London, an established Physician, graduate and licentiate of all the regular institutions of London and Faris; and who has made nervous disorders and their baneful origin his particular study, and obtained such a practice in this branch of therapeutics, as qualifies him to be a safe and computent advisor."—

County Chronicle Nav 7th, 1861.

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capity, sarasparithe, and similar dangerous medicines, are ensirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in retoring to health and happiness; whilst to all who need such aid he offers every assurance of speedy restoration.

Let every soldier in the army read this letter from

DOCTOR THOMAS LEE. well known in the city of New York, (and an honored member of East rn Star Lodge F. A. M ,) also in all the provinces of South America. MESSRS. RADWAY & Co.: I have just returned from a tour through the various republics of Central and South America, and certify to the universal esteem and favor in which is held your "READY RELIEF" throughout the tropical regions. There is not a single hospital, military or otherwise, that I visited, in which might not be seen the Ready Relief at the bedside of the pati-

wise, that I visited, in which might not be seen the mady helief at the beside of the partents. It is dispensed by the head physicians the same as any other medicine, and has become with them quite a favorite, owing to its remedial powers, and the facility and safety with which it can be administered by the "Sisters of Charity," or hospital nurses.

In a letter to you some three months ago, making mention of the rapid cure of General Villamil\* by the "Relief." I stated that Dr. Archevarie, Chief Physician of the Ecuadorian army, whose acquaintance I had the honor to make while in Guyaquil, introduced this remedy into the army hospitals with great success. Well, he writes me since that the Legislature of Ecuador has passed a law authorizing its adoption in every regiment as a permanent addition to the medical stores. Dr. Garcia, of Carthagena, also sends me a succinct account of its progress in New Grenada, and states that Governor Prieta has, since the breaking out of the revolution, ordered over one hundred gross for the use of the army. In fact, your Ready Relief, through all parts of South America, is acknowledged as the best disinfectant and most effective preventative against malarious diseases known. In no country has its extraordinary power been developed as much as in Venezuela during the last revolution, where it was wisely

adopted by the army surgeons as an adjunct to their stores. Yours truly,

• Gen. V. had been affected with asthma for forty years, and had not slept in a horizontal position for twenty
years. One application of the Ready Reilef enabled him to slee, , and one bottle cured him.

SOLDIERS RETURNING FROM THE WAR, AFFLICTED WITH WEAK LUNGS, READ THIS LETTER. GREAT CURE OF WEAK LUNGS.

"We beg to present to the readers of the Advocate the following letter addressed to Dr. Radway. Let those afflicted with WEAK LUNGS and THREATENED CONSUMPTION, read. The writer, Mr. James Sage, is well known in Michigan as a popular hotel keeper." Меменія, Масоми Со., Місн., Sept. 4th, 1862 DR. RADWAY—Dear Sir: About four years since I was very much affected with DISEASED LUNGS. My friends thought I had the Consumption. I was entirely unfit for business, raised blood, and had every symptom of the above fatal disease. One night, on going to bed, I thought I would take a sweat, and took your READY RELIEF (in hot water) as a stimulant to sweat me—It did so. The perspiration was of a slimy substance, and offensive smell. I followed taking the Ready Relief every other night for four weeks, and at the end of that time was entirely well. This is a true statement of facts, which I will testify to under oath.

Yours, &c., JAMES SAGE, Sage's Hotel, Memphis, Mich.

It baffled the skill of the best physicians, and was only arrested in its progress by Radway's Ready Relief. I was afflicted, and it cured me. Many others I could mention found the same benefit.

ANOTHER WONDERFUL CURE Of a very Dangerous and Common Disease. The only cure known to the world for this ter-

ilde consuming malady. IMPORTANT TO ALL.

SPERMATORRHEA, OR SEMINAL WEAKNESS. SPERMATORRHOLA, OR SEMINAL WEAKNESS.

Dr. Radway:

Sur: I deem it due to you, and also for the benefit of mankind, to disclose the following facts: Some five years since I was troubled with a discase called the Spermatorrhoa, or involuntary loss or emission of semen, which, as you may imagine, weakened me very much, and caused a gradual wasting of the sexual organs. I found, by inquiry, that it was considered incurable, and gave myself up as lost. After taking numerous remedies, I was induced by accident to take four or six drops of your Ready Relief in a little water, and I noticed that on the day following 1 at I had not as much smissions of semen, (or drisling, as you may call it.) I followed us the taking of a few drops of the Ready Relief in a little water, and in a few days I was entirely cured, and have entirely regained my health and strength. Any further information you can have by addressing flex 219, Syracuse, N. Y.

P. S.—It is due your remedy to state, in attempting the cure of this disease, or weakness, in addition to the numerous drugs, I paid to a docter in New York \$25 for a machine for curing this complaint, and all to no purpose.

I never, in my experience, came in contact with a doctor who had the audacity to say he could cure this complaint, but on the other hand, pronounced it incurable; and I can affirm

out it in the House or any considera he could cure this complaint, but on the other hand, pronounced it incurable; and I can affirm that, in six years, a man can be reduced to death by this complaint alone. Had my cure been in some other part of the body, I would have given you my name, and the privilege of using it. But I deam it my duty to inform you of a quality which you probably was not aware your Ready Relief possesses. (Testimony from Ron. Judy's Smith)

RHEUMATISM CURED. Read this important letter: ANOTHER WONDERFUL CURE OF RHEUMATISM.

I tried your Ready Relief, and had my joints rubbed with it, and I never felt pain after the first ten minutes I was rubbed with it up to the present time. Sirs, I do not know what to compare it to but a charm; for it is a mystery to me. I was a cripple for two years, and bad not the proper use of my limbs for three years. I was worn down to a skeleton. I then commenced the use of your Ready Relief, Resolvent, and Radway's Pills. The pain left me in ten minutes, and I began to gain strength very fast, and could walk with ease in a few weeks. Before I heard of your Remedies, I was taken to Dr. Parker, Dr. Reese, Dr. Wardle, Dr. Machelle, and the property of the city. I comput how remember. WORMS.

They are more certain and through than the Drastle Pills of Aloes, or Croton and Harlem Oil, or Enterium; and more soothing and healing than Senna, or Khubarb, or Tamarinds, or Castor Oil. AS ALTERATIVES, They exercise a more powerful influence over the lives and its secretions than calonel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spicer Difficulties, Jaundice, Dyspepsia, littors Athecks, Read ache, &c. In the treatment of Fevers, either Inlieux Fellow, Typhois, and other reducing Fevers, buy are superior to quinine. Their influence extends over the entire system, controlling, strongthening, and bracking the relaxed and waxting energies, and regulating the accretions to the natural performance of their duties the secretions to the natural performance of their duties cleaning and purifying the blood, and purging from the system all diseased deposits and impure humors.

THE CAUSE OF PILES.

Why Radway's Pills Cure Small Pox. Why Imperfect Pills Gripe.

The cause of griping, nausea, sickness, tenesmus an debility, that is induced by a dose of drastic pills, is owing to their imperfect operation. If with the faces, the diseased kumors, left circulating in the system, were expelled by these pills, there would be but little pain of griping. It is the absence of the bile and other humor which the imperfect pills fail to purge out of the system that occasions the pain. By examining the stools evacuated after severe griping they will be found thin anwatery. THE TRUE PILLS TO TAKE The only safe pills to take are Dr. Radway's, because they are the only pills that secure purgation without dipletion, and expel diseased humors from the system.
